Hi David,

Checking back on the hearing QFR responses for region 6. Do you have a draft that I can share with OMB for interagency review?

Thanks,
Carolyn

Hi David,

Attached are the formal Questions for the Record for Sam from the House E&C Committee from the November 14, 2017, Subcommittee on Environment's hearing entitled "Response and Recovery to Environmental Concerns from the 2017 Hurricane Season." Regions 2 and 4 received separate questions that are similarly region-specific.

Because the region's responses will need to be reviewed and cleared by OMB and other agencies, please send me a draft once completed. Note that the official due date to the Committee is January 3, but given the holidays and expected absences, I anticipate that we will not meet this deadline, but please keep me posted on progress.

Thanks and let me know any questions.

Carolyn
